Leading from the front Over the past few years, the mining sector has made significant strides to steer through disruption and volatility. However, they continue to grapple with a host of external challenges—from an uncertain geopolitical landscape and technological disruption to increased demands from communities and investors.

Tracking the trends | Deloitte | Energy and Resources | Mining

Mining owners and operators face many significant and complex environmental risks throughout the mining cycle including groundwork, handling hazardous substances, waste disposal and control.

Solutions to Mining Industry Risk Challenges

The current turbulence in the mining industry in South Africa has its roots in several different factors. First, the fall in global demand for platinum and other minerals due to recession; second, the consequences of the Marikana disaster in destabilising labour relations; and third, the structural character of our mining industry. A great deal has been written about the first two factors, so ...

Problems in the mining industry in South africa - ECDPM

The top 10 issues facing mining companies in 2016: Deloitte Weak commodity prices, declining grades and a fall-off in demand from China will continue global mining sectors' downward cycle well into 2016. However, regulatory mandates, tax burdens and stakeholder expectations remain as high as ever.

The top 10 issues facing mining companies in 2016: Deloitte

One of the most challenging issues in India's mining sector is the lack of assessment of India's natural resources. A number of areas remain unexplored and the mineral resources in these areas are yet to be assessed. The distribution of minerals in the areas known is uneven and varies drastically from one region to another.

Mining in India - Wikipedia

Weak. Because these symptoms may occur slowly or may be caused by other things, lead poisoning can be easily overlooked. Exposure to high levels of lead may cause anemia, weakness, and kidney and brain damage. Very high lead exposure can cause death.
