Introduced as a top-of-the-line instrument in 1962, the Jaguar rode the ebbing waves of surf music throughout that decade with its shapely offset body, distinctive jangle, short 24-inch scale length neck, genius floating tremolo system and chrome appointments.. But it did go out of production after a 13-year run before punk and indie players brought them back into vogue beginning in the late ...

The problem is that while i have decades of bass playing experience, I'm not a very confident singer, especially when it comes to singing while playing the bass at the same time. Can you recommend relatively easy songs to sing while playing the bass? I want to start easy with 8th note bass lines (think All the small things by Blink 182 and such).
