The anti-lock braking system (ABS) on a Ford F150 pulses the brakes for you in the event of hard braking. Rather than manually pumping the brakes, the ABS system pulses the brakes many times faster than any human being could ever do. This prevents the wheels from locking up and keeps the F150 from skidding across the ...

The scissor jack is the jack that comes with your Ford F150 and uses good old-fashioned mechanical parts (and elbow grease). The scissor jack was designed to take up little space and to be used in an emergency. The attached tool turns a threaded rod that pulls the two hinged ends together, lifting the middle of the jack and the vehicle. Pros
