and then pull the radio out. Reconnect Battery Replacing Harley-Davidson® Factory Radio 1. Remove 40 Amp ignition fuse from fuse box before beginning the removal and installation. 2. Remove front fairing. 3. Unplug the clip on the bottom of the factory radio for the ignition wire harness before pulling the radio out.

HD1BT User Manual - ASA Electronics

Squelch and VOX affect when the radio interrupts playing media and switches to playing CB or Intercom audio, respectively. Squelch sets the range at which the radio receives CB transmissions from other CB users who are on the same channel; if it is set too high you will not be able to hear transmissions from other CB users.
