Management Tracer:

Surveyor Focus During
this “system tracer,”

the surveyors are
analyzing your
medication

management

processes. That means
how you select, store,
order, administer, and
monitor medications.

Typically, the way
surveyors do this is to
trace the use of a
specific medication
during a tracer out on

MEDICATION MANAGEMENT CHECKLIST

describes the system tracer. This tracer process can be applied to any area of the hospital, not just direct patient care. The focus should be on high-risk, problem-prone, and high- or low-volume system processes. Once again, it will allow the tracer team to see the points of the system or process from
