### Monoculture How One Story Is

Monoculture refers to the effect that this master story has on culture: "one narrative in society that takes over the others, shrinking diversity and forming a monoculture." The author argues that values such as truth, beauty, justice, and freed I think the premise of the book is much more intriguing than the actual read.

### Monoculture: How One Story is Changing Everything by F.S ...

Now imagine that one of those stories is taking over the others, narrowing our diversity and creating a monoculture. Because of the rise of the economic story, six areas of your world - your work, your relationships with others and the environment, your community, your physical and spiritual health, your education, and your creativity - are changing, or have already changed, in subtle and not-so-subtle ways.

### Monoculture: How One Story Is Changing Everything ...

In Monoculture, F.S. Michaels draws on extensive research and makes surprising connections among disciplines to take a big-picture look at how one story is changing everything: corporations, corporate social responsibility, and business ethics; families, communities, social services, and philanthropy; nature and biodiversity; government, the public and private sectors, prisons, and public libraries; health care and medicine; religion, Christianity and churches; education, universities, and ...

### Monoculture: How One Story is Changing Everything - Kindle ...

The governing pattern that a culture obeys is a master story — one narrative in society that takes over the others, shrinking diversity and forming a monoculture. When you're inside a master story at a particular time in history, you tend to accept its definition of reality.

### Monoculture: How One Story is Changing Everything

- The governing pattern of a culture; the master story; past monocultures; the monoculture of the early 21st century. 2. The One Story - Your personal mythology; the larger stories of the culture; cultural stories represented by six areas of activity in society; the assumptions of the master story that shape who we are, what the world is like, and how we and the world interact.

That's exactly what F. S. Michaels explores in *Monoculture: How One Story Is Changing Everything* (public library) — a provocative investigation of the dominant story of our time and how it's shaping six key areas of our lives: our work, our relationships with others and the natural world, our education, our physical and mental health, our communities, and our creativity. Michaels writes:

I found myself reading *Monoculture: How One Story is Changing Everything* non-stop, with a pencil in hand, underlining like crazy. That totally took me by surprise, but then, I didn't know I'd be reading an astute explanation about what I've been feeling recently, something I couldn't put my finger on.

### **The story that's changing your life - The Longest Chapter**

Which is ironic: because *Monoculture* is about one story. (And I know how much you all love to read stories.) The premise of F.S. Michaels' work is that our culture is shaped by a single, master story. It's one "narrative in society that takes over the others, shrinking diversity and forming a monoculture".
