Part One: The Instructional Role of Illustrations

Vol 8. Structure & Dynamics of the Psyche. Structure & Dynamics of the Psyche, volume 8 in The Collected Works, is a revised translation of one of Jung's most important longer works. There is an appendix of four shorter papers on personality type, published between 1913 and 1935.. This volume traces an important line of development in Jung's thought from 1912 onwards.

The Collected Works of C. G. Jung - Wikipedia

Research conducted primarily during the 1970s and 1980s supported the assertion that carefully constructed text illustrations generally enhance learners' performance on a variety of text-dependent cognitive outcomes. Research conducted throughout the 1990s still strongly supports that assertion. The more recent research has extended pictures-in-text conclusions to alternative media and ...

Amy Tanner - Wikipedia

The Psychology of Musical Talent, 1 * 7 published by Silver Burdett & Company, in 1919, is a monograph which marks a new vantage ground in the psychology of music. It covers a restricted field in which it has permanent value and should, therefore, not be revised, but supplemented.
