Used Outboard Motor For Sale

On the maintenance side, boat owners should make sure they run the correct octane fuel and use a quality two-stroke oil such as the Mercury synthetic blend. Change the lower unit's oil frequently, and when you do, inspect the drain plug, which is magnetic, for metal shavings that could indicate wear.

The Life Expectancy of an Outboard Engine. The average outboard engine runs for about 1,500 hours before requiring significant maintenance. While this number might seem a little surprising, the average owner only uses their outboard for about 200 hours per year, thus, the average outboard motor can be expected to last 7-8 years, which isn't an unreasonable amount of time.

The Life Expectancy of an Outboard Engine | Outboard Motor Oil

The 300X is long gone from Mercury's line up and has been replaced by the direct inject 300XS. This is old news. It is also pretty common knowledge that when the 300X (3 liter) was bumped for the 300XS (3.2 liter) performance may have dropped. They are both rated at 300 hp from Mercury so whats the deal?
