collection of 50 snapshots of the world throughout time. A glimpse into a period of our past that will give a brief overview of the point Crofton is trying to make and maybe give a starting point to anyone who is interested in pursuing the topic further.

World History: 50 Key Milestones You Really Need To Know ...

World history is global, even if it much of it has been dominated by Europe. Why, then, these dates and not 50 others? Human history is a vast and complex story, but human society has worked over the past 5,000 years only because of some key inventions and discoveries. That is why the wheel, the plough, the sail and the watch are there.
